

The figure is a geological map of a specific area, likely a borehole or outcrop, oriented vertically. The background consists of a grid of thin, light blue lines representing a structural framework. Several distinct zones are delineated by thick black lines and labeled as follows:

- CA-2c**: Located in the upper left quadrant, enclosed in a rectangular boundary.
- 2C**: Located in the upper right quadrant, enclosed in a rectangular boundary.
- CA-2b**: Located in the lower left quadrant, enclosed in a rectangular boundary.
- BD**: Located in the lower right quadrant.
- UZ**: Located below BD.
- 11045**: A label placed near the center of the map, possibly indicating a sample number or location.

A vertical column of text on the far left, rotated 90 degrees counter-clockwise, reads "Estado actual".

2c Sup. = 617,89 m²

– 2c1 Sup. = 492,00 m²
 – 2c2 Sup. = 125,88 m²
 Total 617,89 m²

The image shows an architectural plan of a plot divided into several sections. The sections are labeled CA-2c, CA-2b, 2c1, 2c2, and BD UZ. A red rectangular stamp is overlaid on the drawing, containing the text 'COLEGIO OFICIAL DE ARQUITECTOS DE ASTURIAS' and 'VISADO'. The drawing also includes a north arrow and some hatching patterns.

– 2c1 Sup. = 492,00 m²
 – 2c2 Sup. = 125,88 m²
 Total 617,89 m²
